

GO.DIGITAL

What is GO DIGITAL?

GO DIGITAL is your exclusive chance to connect with aviation professionals, learn from industry experts, and influence the future of Web Manuals. Whether you're focusing on compliance, operational efficiency, or advancing digital aviation, GO DIGITAL is essential.

What can you expect?

Expert Insights: Learn from the Web Manuals team and experienced users, gaining knowledge about product features and improvements.

Networking Opportunities: Engage with the Web Manuals community through activities that encourage collaboration and connection.

Training Sessions: Participate in various training opportunities, including:

- **Certified Super User Training:** Deepen your skills with an interactive session focused on real-life user cases.
- **Open Editor Training:** Essential skills for new editors managing aviation documents.
- **Tips & Tricks:** Boost your system skills with quick tips and demos from our support team.

Always on the agenda

Tips & Tricks with our Support team

Whether you have questions or want to learn from common issues, this session is perfect for you. Get quick tips, live demos, and support to help you make the most of the system.

Open Innovation

As a user, you are part of our community, and we want you to be involved in what comes next! Share your ideas and feedback, and help us shape the future of our product.

Development News

Be the first to know and stay ahead of the curve! Experience an exclusive live demonstration showcasing our latest innovations since last year and unveiling what's next in Web Manuals.

External Speaker

Get inspired by industry experts! Every year we invite speakers who share insights and experiences not only about Web Manuals but also about important topics in the industry connected to our theme.

Web Manuals Award

Celebrate success with us! The Web Manuals Awards recognize outstanding customers in five different categories. We highlight the great work and innovation that drive our community forward. Don't miss the chance to see who wins this year's awards!
